You can't help but smile at those two, right?
Right!
Was that what it was?
Looks like the one by that idol who's been popular lately.
Ah
Thank you very much.
Here.
Please have some.

I'm glad.
I see.
Really!?
Those siblings.
I find myself watching them quite often as well.
But those two really helped me.
Yeah.
Helped you?
I think even the majority might do.
Aah... Guess so.
A lot of people would get mad seeing those two, wouldn't they?
My parents got divorced

I'm going to be

Buy something to eat with this.

at first I was a little annoyed.
those two were still basically always
at home having fun with each other and laughing.
I was
probably just jealous of them, I think.

And that had
turned into a sense of relief.
had turned into amaze-ment.
But
without even noticing, my anger
I get it! I totally get it!
Were you able to catch the drift?
Wer-
he he he he
All the loneliness and anxiety in my heart
had shrunk away before I even realized.
Oh? Is that so?
Right now, I'm living at my mom's parents' house.
That's right.
They really are a strange bunch.
Those two are a strange bunch, aren't they?
